Discipline Policy

Yale Public Schools Children's Centers staff will not use any form of corporal punishment.

We believe with careful planning, a balance of activities, and staff supervision, inappropriate behavior will be kept to a minimum.

Yale Public Schools Children's Centers is devoted to providing a safe and comfortable atmosphere for all the children in the program. At any time that the actions of one interferes with the comfort level of another, or the child's actions are inappropriate, staff will take the following steps to correct the behavior.

1. Staff will address child by name and redirect to other activities.
2. Staff will again redirect.
3. Staff will talk with the child about the behavior, explain why it is inappropriate, and ask the child what would help control their behavior.
4. If the child is still having trouble controlling their behavior they will be directed to a table to sit and engage in an activity by themselves.
5. If behavior persists, activities will be taken away and the child will continue to sit.
6. After five (5) minutes they will have the opportunity to engage in another table activity.
7. Repeat steps 4, 5 and 6 until parents arrive.
8. Staff will document behavior on Accident/Incident Report and/or journal.

The following are steps used:

- ❖ Verbal warning.
- ❖ Incident report will be sent home.
- ❖ Incident report will be sent home. First warning.
- ❖ Incident report will be sent home with a request for a conference with the Principal, coordinator, caregiver, and parent. Second warning.
- ❖ Child will be dismissed from the program.

Serious Offense

The above procedures do not apply if the incident is deemed to be a serious offense. A serious offense is described as a behavior that is physically abusive, verbally abusive or threatening to self, staff, or children, is destructive to property, or leaves the supervision of the caregiver. In these situations the staff will contact the the program coordinator, then call parents to pick up the child. A conference must occur before the child will be allowed to return.

If at any time the parents and Yale Public Schools Children's Centers cannot work together on their child's behavior issues the child may be dismissed permanently.

Yale Transportation Department
Children's Center Transportation

Yale Public Schools will transport latchkey children **only** if they are enrolled in Yale Public Schools grades K-12. **We do not transport pre-school children**, unless the preschool child enrolled has a sibling enrolled in the same building the preschool program is housed.

Positive communication is also a necessary part of the Transportation Department. If your child is being transported by the Yale Public Schools Transportation Department, it is important that you communicate with us. ***To help insure your child's safety it is important that you know the bus driver's name and the route number of the bus they are riding.*** It is also very important that we have a **transportation emergency contact form** filled out and kept up to date of any changes in your child's address, phone numbers, medical information, emergency contacts, or any information pertaining to your child(ren).

Please remember that all bus safety rules apply. Transportation protocol requires someone be physically visible when children under the age of 12 are dropped off at their designated stop. **We will not drop a preschool student without a responsible person being visible to the bus driver.** You may request a visual aide smiley face, but there are rules that will apply in regards to a preschool student.

Thank you for your cooperation in this matter.
